Greetings
Can you believe it is already finals week?! Who would have thought the semester would fly by so quickly back in August? The way you use the time during the semester is very important. As you look forward to semester break, we want to encourage you to take the time to seriously consider an array of upcoming scholarship & fellowship opportunities with deadlines between now and the end of January. Selecting among the different scholarships and fellowships can be difficult if not simply overwhelming. Where do you begin? How do you know if you will be

competitive? Why should you apply if the chances of winning are slim? We are here to help you understand the process and provide you with information that will, hopefully, make your selection and decision to apply a bit easier. Whether you are looking to explore a new language, conduct research in a STEM field, work on social justice issues, seek money for graduate school, get recognized for what you do, etc., the following tips can help you get started.

**The World is Yours to Explore**

As you explore the vast array of opportunities, before you get overwhelmed, keep in mind the following questions from our last edition.

- What are you passionate about?
- Where do you see yourself in the future? How are you going to get there?
- Where do you want your education to take you? Graduate/professional school? Immediate employment?
- What relationships are you building or need to build at Lafayette that will help you achieve your goals? Do you work with your Gateway advisor in Career Services?
- Have you spoken with your academic advisor and departmental mentors about your interests?
- Do you keep a working resume/CV of your coursework and activities? Do you journal or have an e-portfolio?

### Special Recognition

The Scholarships & Fellowships Office would like to send a special shout out to those of you who applied for the Schwarzman, Rangel, Marshall, Rhodes, Mitchell, Fulbright, Gates Cambridge, Soros, the Critical Languages Scholarship, among others. Your perseverance and hard work is to be applauded! For those of you still awaiting the outcome of your applications, we wish you tremendous success; for those of you who have already heard, congratulations on a job well done, or take heart, reflect, and realize that if not now, take a moment to focus on the

The Faculty Corner

Faculty, you are a very vital piece in the scholarship process. Our goal is to be supportive of your efforts to assist and recognize your students. The Scholarships & Fellowships Office invites you to nominate students, and asks that you let us know of any students who are, or should be, submitting applications for fellowships & scholarships or who received awards or otherwise been recognized beyond the College by emailing us through externalscholarships@lafayette.edu.
growth and the process for the next go around.

For those of you who are currently working on your Truman, Goldwater or Carnegie Endowment for International Peace campus applications, we look forward to working with you as you refine those applications for official submission.

We also want to extend a very special "thank you" to the faculty and staff who have supported you in your endeavors.

**CONGRATULATIONS!!**

Stacey-Ann Pearson '15 has just been awarded a **Schwarzman Scholarship**! She will be joined by an international class of 128 others this coming fall.

Schwarzman Scholars spend a year in China, earning a one-year master's degree designed specifically for the Scholarship. Scholars are selected for their leadership, vision, entrepreneurial spirit and desire to respond to the geopolitical landscape of the 21st century -- a landscape in which China plays a key role.

Erin McKenney '20 was just recognized as one of the **BBC 100 Women in 2016** -- a list of inspirational and influential women from all walks of life, nationalities, and age groups. Erin is the creator of a science program for young women, giving them hands-on experience and inspiration from female scientist around the world.

Information about the program Erin developed can be found at: [www.facebook.com/curiositygirlsscience/](http://www.facebook.com/curiositygirlsscience/)

This Month's Helpful Tips: Think Ahead!

As you browse through the opportunities available to you, it is important to think and plan ahead about what you need to have in place in order to apply. Identify opportunities that look interesting. Educate yourself about requirements and qualifications. Review profiles of past recipients. Meet with us and your advisors/mentors to strategize. Develop your portfolio. Thinking down the road will put you in a great position to have a competitive application when it is time to submit your work. Even as a first or second year student, it is never too early to start putting things in place for programs down the road as a junior or senior.
